COMMENT

Meeting Attended:
Blanca Scoping MeetingImportant Issues:
Land Use (Agriculture, Residential, Recreation), Water Resources (Floodplains, River Crossings),
Historic and Cultural Sites, Radio or Television Interference, Noise, Health and Safety, Biological
Resources, Visual / Aesthetic Resources, Proximity to ResidencesProperty Uses:
Residential, Other
OTHER: 5 acres - not developed yet.Comment:
My concern is the proximity to residences in the Blanca area along Route 160. I would also like to know whether the lines will be run on high-tension antennas as people, animals and agriculture can get damaged healthwise from the amount of current being produced. I do hope that it's not the large cable holders that we see back east. I'm retiring to my property in Blanca in another 2 years and it would also ruin the beautiful beauty of the San Luis Valley. Along with that, the rates for residential electricity will probably go sky high and in this current economic atmosphere, who will be able to afford it.Carole A. Naro
